

# Mālama Āina

PO'IPŪ BEACH, KAUA'I  
**KEOKI'S**  
*Paradise*

## 11 AM - 1 PM AT KEOKI'S PARADISE

2360 Kiahuna Plantation Drive, Suite 77 Kōloa, HI 96756

### CLIMATE CHANGE IMPACTS ON SEA TURTLE POPULATIONS WEDNESDAY, FEBRUARY 8TH

Join sea turtle scientist, Dr. Camryn Allen, from NOAA Fisheries for a talk about sea turtles in the Pacific Islands Region. Dr. Allen will touch on research topics including abundance, migration, sex ratios, and climate impacts. Dr. Allen will also describe how public and local nonprofits collect data providing valuable information for the conservation of sea turtles.

### THE MONK SEALS OF PO'IPŪ TUESDAY, MARCH 7TH

Join NOAA biologist, Jamie Thomton for a presentation on Hawaiian Monk Seals of Kaua'i with a special focus on monk seal happenings at Po'ipū Beach Park. Jamie will discuss why seals have a preference for this beach, whether it's the same individual seals, what behaviors are most commonly observed, and provide updates on the recovery and status of monk seals.
